Siya Health®

FOR EMPLOYERS · CALIFORNIA PILOT

An integrated care experience for busy professionals

Your business runs on brain power. Who's looking after it?

One physician-led team for stress, focus, memory and sleep — alongside everyday primary care.

$0 to your employees†

OUR CARE MODEL

1

Tell us EVERYTHING

Share every concern — physical and mental — without filtering to one issue.

2

Comprehensive clinical evaluation

Unhurried evaluation; cognitive tasks that measure attention, as needed.

3

Tracked & escalated

Subjective + objective tracking over time; a second look when something shifts.

Private by design. Results stay between each employee and their clinician. You see de-identified group trends only (groups of 10+).

Same clinician	24/7*	30 min	2 hours*
every visit	care team, incl. weekends	message replies	urgent needs seen by a licensed clinician

2,700+
patients cared for

More than half
are working professionals
